

Welcome to Total Beverage Management Solutions, LLC and Thank you for your inquiry...

If you are looking to buy a business or a route, buying a Microbrewery is much simpler, less complicated, takes less time to purchase, less expensive than many routes and potentially will net you more money and certainly more satisfaction. You haven't seen anything like this because this is the first time it's being offered. Check out this freshest, state of the art, one-stop shop of the total beverage buying experience offered by Total Beverage Management Solutions, LLC. This one of a kind of business purchasing opportunity is the most exciting option to hit the marketplace.... EVER!

Total Beverage tailors the solutions it offers and sells and makes certain the buying experience is fast, efficient, simplified and executed in a professional and timely manner. The company's purpose is to offer and provide Microbrewery and Microbrewery Solutions to clients looking to purchase a business or a route, add onto an existing business or have one created and customized for them. We are currently, actively seeking savvy and knowledgeable business persons or certified, accredited, sophisticated purchasers to buy a Microbrewery as a business purchasing opportunity or Joint Venture with Total Beverage who brings their end-to-end, turnkey customized answers and results.

Total Beverage Management Solutions, LLC is an associated company to the Ambicon Companies, Ambicon Consultants Private Limited and Ambicon BrewPub Private Limited both of India who has designed and created over 75 Microbreweries overseas in the last five years. Total Beverage was created to bring the quality and superior Microbrewery Solutions that Ambicon has brought overseas, to the United States of America.

Total Beverage Management Solutions, LLC is a unique, exclusive end to end, customizable and made to order menu of options, choices, selections, networks, possibilities and opportunities that most Microbrewery or Beverage companies do not offer. We understand that most purchasers looking to buy a business want to not only offer a desirable product, but they also wish to offer services, facilities, amenities and entertainment that will keep their customers and clientele engaged and involved for a longer period of time, which translates into a more enjoyable customer experience and of course a larger profit. We take the time needed to thoroughly understand the purchaser's complete vision of what he, she or they are looking to create for their customer experience. We create a strong groundwork or foundation and through our **BrewMasters Business Butler™** concierge service, build a customized, turnkey, end to end solution to capture the desired result, "which is the most enjoyable customer experience". Our Menu of options, choices and selections are the fulcrum or blueprint for making our solutions extraordinary and unparalleled in the industry. Our pricing is all inclusive and never includes any additional costs.

When you buy a Microbrewery, the brewing equipment is worth a substantial amount of money and for those looking to buy a business with tangible assets, **the equipment retains its value, creates income and produces pleasure and reduces your financial exposure.** The manufacturer of the Microbrewery equipment meets UL standards and certification and **UL's** published and nationally recognized Standards for Safety.

After deciding to buy a Microbrewery, you will be given a purchase and sales agreement to review and sign, you will be asked to provide a deposit equal to 1/2 of the purchase amount reflected on the agreement. When the equipment is ready to be delivered, you will be required to pay the remaining 1/2 of the balance of the purchase agreement and the equipment will be installed and then the purchaser's individual and or

team will be trained to use the Microbrewery equipment with a minimum of (4) four recipes. Depending on the warehouse inventory, the timelines for delivery, installation and training are currently set at 90-100 days, depending on where you want your equipment manufactured. Special and customized equipment orders from some manufacturers might take longer.

To summarize we offer three packages: (In all three packages the Microbrewery equipment, includes installation and training, see our website www.TBMicrobrewery.com for pricing and specifics).

- 1.) **The Bronze Package** – includes the Microbrewery equipment, installation and training, no frills
- 2.) **The Silver Package** – gives you access to our Network of Solution Professionals and Professional Companies for any option you want from our [Menu](#) to plan and oversee yourself
- 3.) **The Gold Package** – activates our BrewMasters Business Butler™ who will be at your disposal, who is there to consult and oversee that each option chosen by the purchaser is finished in a timely, professional and skilled manner.

The approach taken by Total Beverage Management Solutions, LLC is unprecedented and unparalleled and is the most unique effort of customization ever done in the Beverage industry. We're centrally locating every possibility for customization or basically the only one-stop shop available in the marketplace. We look forward to taking your order.
