SUMMARY

High-Quality Desserts and Ice Cream Product Route company.

Clients include high-end restaurants and eateries. They also have a line of great ice cream products for convenience stores and small grocers. The company has exclusive rights to a large territory.

Flexible schedule. Be your own boss and work your own hours. Complete and running for years. Ready for new owner. Includes coolers, vehicle, freezer chests, pallet jack and everything else to keep the business going strong. A complete list of the equipment is included. Seller will include full training as part of the transition. Current owner has a strong client base.

This is a wonderful, turnkey business with lots of clients. However, Seller is more than ready to retire and does very little to promote this business. It is offered at this low price because owner is ready to retire. This is great for someone who enjoys people and has energy to take this to a whole new level. Hopefully this will be you!
