Listing SummaryBusiness Description:

THE LEADING HOT INTERNATIONAL SECURITY COMPANY WITH RECURRING REVENUE

Global leading provider of intuitive identity management products and solutions with both USA and Israel offices in addition to service locations throughout the world.

Founded in 2010 and highly profitable, the company incorporates an international R&D center with a USA office to provide worldwide service with best-in-class complete identity and technology based solutions.

With world renowned engineers accompanied by an international executive team, they are able to present an unmatched platform of next generation technology suites to their clients.

The company uses a line of terminals that incorporates precision fingerprint, facial, iris, voice and palm vein-sensing technology into an ergonomic computer peripheral that delivers unparalleled

performance, reliability and convenience.

Technology is field proven, not just laboratory tested.

Company uses state of the art video surveillance system and a world renowned platform to provide virtual access control and tour.

All products are FCC, CE & UL tested.

Only certified technologies are applied and integrated.

All international and local government approved technologies.
