To: Our Customers & Clients...

In order to obtain more information or visit this or any other business the attached Confidentiality Agreement & Questionnaire must be filled in, signed and faxed back.

Additional information can only be sent to you if you can show you have the funds, equity or credit ability to purchase the business you are thinking about – Seller financing, if available, will be taken into consideration.

It is suggested that you show the maximum you would be willing to invest to buy a business – this doesn't mean you would invest all that you show – it only means that if the deal met all of your criteria – you could invest that amount. With any required financing (bank or Seller) you will need to personally secure the loan and in most cases supply some sort of collateral, usually real estate.

Thanks for visiting our site. Check back often as changes, additions or deletions are made frequently.

Thank you for your co-operation

Please Read This Before Looking At Any Of The Enclosed Information

The information contained in the attached Flyer or Executive Summary was assembled to help you pick a business for further research. The disclaimer gives you important information, so it is repeated here...

This information has been obtained from the Seller, historical records, personal observation, ProForma's and/or industry averages and ratios. This is done to estimate the actual performance of this operation based on past performance yet adjusted for current conditions and potential cash flows. Remember, if you do not obtain the sales or keep the expenses as shown then the results of this analysis are useless. As always check what your sales and expenses will be should you buy this business. Do not rely on what the Owner, broker or your advisor says the business did or can do - satisfy yourself that you can do the same or better - Don't buy this or any other business until you do! Use this information to judge your interest in this business. Detailed information including tax records and time to review will be provided upon acceptance of an offer to purchase. No representation to the accuracy of this information is being made. Verify important details before reliance or dependence. This Offer is also subject to price changes and withdrawal - without notice. Note, unless specifically stated in writing, Blanket R.E. represents the Seller.

It is suggested that you use this Flyer/Executive Summary as a Check Sheet. If the information contained herein interests you enough to look further into the business, then take this material with you when you visit the business. Every word and figure should be verified by you and/or your advisors. You shouldn't assume that anything herein is accurate until you verify it.

Some information e.g. like financial, won't be verified until an Offer is made and "Due Diligence" begins (a complete checking of the Books & Records). But note, this doesn't happen until after an Offer is made.

You might be wondering how do I make an Offer if I can't verify the figures? Use the material you received or will get, answers to questions you ask during your visit to the business and personal observations you make about what you see to make your Offer. Any Offer you make will be subject to a detailed examination of the Books & Records, equipment, inventory etc. after your Offer is accepted by the Owner. This protects you and the Owner.

Most Owner's will not show their Books and Tax Returns until they know that a Buyer, when satisfied, will in fact be willing and able to purchase the business at the negotiated price in the Offer. If you aren't satisfied with this or feel uncomfortable - then perhaps you aren't ready to buy this business or make an Offer. You might need to do more research on the industry or the buying process or maybe even do a reality check on your decision to become a business Owner. You can find info on the buying process in a book store or library or go to our web site - I've written and assembled several articles on this process.

You need to realize that many small business Owners aren't good bookkeepers. Expecting to see an accurate portrayal of the Books on a spreadsheet or Tax Return is like looking for a needle in a haystack. You probably will never find a business that the Books or Tax Returns accurately reflect what's going on in the business. That is why a ProForma is used - it allows you to build the Profit or Loss Statement from the ground-up. Use what has been provided to build **your own** ProForma. In doing so, you will learn a lot more about the business you are thinking of buying than if you didn't. Just don't rely on the numbers contained herein - do your own work to verify - verify - verify. As the saying goes... trust what you get and are told, but verify everything!
